

RESILIENCE

We're hiring in Cell & Gene Therapy! Open positions in San Diego, Boston, remote, and more:

Gene Therapy	Cell Therapy	Platform R&D
Senior Technology Leader and Co-Head (R-100091)	Senior Director, Process Development (R-100028)	Director, Genome Engineering (R-100693)
Director, Commercial Development (R-100661)	Director, Cell Therapy Manufacturing, Technical Operations (R-100927)	Director, Gene Therapy Manufacturing R&D (R-100748)
Product Quality Lead, Cell and Gene Therapy (R-100336)	Senior Manager, Process Development, Cell Culture Development (R-100803)	Director, Functional Assays, Cell & Gene Therapy (R-100719)
Senior Scientist, Analytical Development (R-100102)	Senior Manager, Process Development, Genetic Modification (R-100801)	Director, Sequencing Assays, Cell & Gene Therapy (R-100713)
Senior Data Scientist (R-100832)	Senior Manager, Process Development, Media & Formulation (R-100802)	Director, Cell Therapy Manufacturing R&D (R-100721)
Senior Scientist, Downstream Process Development (R-100080)	Senior Manager, Analytical Development, Cell-Based Assays (R-100290)	Senior Manager, Gene Therapy Platform Management (R-100953)
Senior Process Engineer (R-100873)	Scientist II, Analytical Development, Flow Cytometry Assays (R-100565)	Lead, Cell Therapy Platform Management (R-100518)
Process Utility Engineer, Cell & Gene Therapy (R-101058)	Director, Sales and Business Development (R-100666)	Staff Bioinformatics Scientist (R-100649)
Scientist, AAV Cell Line Development (R-100926)	Director, Commercial Development (R-100699)	Senior Scientist, Synthetic Biology (R-100725)
Sr. Associate Scientist, Downstream Process Development (R-100070)	Senior Manager, Sales & Business Development (R-100667)	Senior Scientist, Sequencing Assays (R-100724)
		Senior Scientist, Functional Assays (R-100723)
		Senior Scientist, Genome Engineering (R-100722)

We're making medicines for the world. We are dedicated to building a team that reflects the diverse communities we serve and an inclusive collaborative environment where all employees are free to reach their full potential.
